2022 SCHEDULING AND POLICY INFORMATION

Due to the ongoing Coronavirus Pandemic, our photographers will not touch anything in the home. Homes should be ready for photography when the photographer arrives. Photographer will remove shoes and wear a protective mask.

Please advise our staff if anyone living in the home has contracted COVID-19, has been exposed to COVID-19, has traveled recently, or has otherwise been exposed or could have been exposed. If our photographer has been exposed or presents symptoms, we will make every effort to find a second shooter to take the appointment to keep your listing on schedule.

Scheduling and Contact Information

Requests for photography appointments should be submitted via email to Julie@CharlotteRealEstatePhotos.com or by phone or text to 704.287.9628. After the appointment is scheduled, the Photographer will confirm the date, time and location of the shoot one day in advance.

At the Shoot

If possible, you or someone you authorize should be present at the shoot to discuss important elements of the property, or areas that should not be photographed. However, the photographer can work independently if needed. The photographer will make a reasonable effort to remove litter, stray objects, etc. from the rooms; however please note that this does not include making beds or arranging furniture. Agents are expected to have the property staging and cleaning completed prior to the photo shoot.

Our goal is to provide exterior front and rear shots, one or more views of each major room, and views of the yard and/or views from the property, if any. Your input is important when choosing the best rooms and angles to photograph. Absent your input, the photographer will use his/her best judgement and experience to decide how best to photograph the property.

After the Shoot

Once the images have been taken, the photographer will edit the shoot and select the best images. These will be optimized for quality and in most circumstances will be delivered to you within one business day of the shoot, unless otherwise specified. All images will be provided in two sizes: 2000 pixels wide and 300 dpi, and 1024 pixels wide and 150 dpi, so you'll have options for best sizes for internet and print brochures. Photographer is not responsible for the storage of files.

Cancellation, No-Show and Inclement Weather Policy

If cancellation or re-scheduling is necessary, please do so with a minimum of 24 hours notice. Any shoot cancelled within 24 hours of a confirmed appointment is subject to a \$150.00 Cancellation Fee. Arriving late beyond 30 minutes to an appointment will be considered a cancellation, and will be billed at the full rate of the shoot. Every effort will be made to accommodate a re-scheduling. In the event of inclement

weather precluding exterior photography, a pick-up shot of the property exterior will be scheduled at the earliest available time.

The photos may also be used by the Customer's real estate firm for the sole purpose of marketing the specific property photographed only. Please note, however, that the images will be copyrighted by the photographer, and license is granted only to the Customer and the Customer's firm, and not to any third party. Any usage of the images by a third party, including but not limited to architects, builders, stagers, designers, sellers or buyers, is not allowed unless approved by the photographer. This is per federal copyright law.
